#### *Le Bully Pocket*

**Le pocket se distingue du standard par sa taille à l'âge adulte. Les mâles mesurent entre 36 cm et 43 cm maximum au garrot. La femelle mesure de 33 cm à 40 cm. Les aspects nécessaires sont ceux du standard, avec un corps lourdement musclé, massif et volumineux.**

## Le Bully Classic

© vestathorf2024

**Le style original de l'American Bully est le classic. Ces chiens ne présentent pas des caractéristiques exagérées comme dans les autres catégories. Le classic est un chien plus léger que le standard, avec la même taille. Les mâles doivent mesurer de 43 à 51 cm au garrot, tandis que les femelles doivent mesurer de 41 à 48 cm.**

## **Le Bully Standard**

**L'American Bully standard doit donner l'impression d'une grande force par rapport à sa taille. C'est un chien compact et de taille moyenne à grande avec un corps musclé et une tête massive. Il doit avoir l'apparence d'une ossature lourde avec une structure et un aspect volumineux. Il n'y a pas de condition de taille ; il ne doit pas paraître obèse.**
